

Pennsylvania State Board of Medicine

The [Pennsylvania State Board of Medicine](#) is one of 29 licensing boards and commissions within the Bureau of Professional and Occupational Affairs. The bureau was established in 1963 within the Department of State to provide administrative, logistical and legal support services to professional and occupational licensing boards and commissions.

The State Board of Medicine is comprised of the Commissioner of the Professional and Occupational Affairs, the Secretary of Health or his designee, two public members, six medical doctors with unrestricted licenses who have practiced medicine in Pennsylvania for five years, and one member who is a nurse-midwife, physician assistant, perfusionist or respiratory therapist. Pennsylvania State Board of Medicine members who served as FSMB past presidents or chairs include: I.D. Metzger, M.D. (1935-6), Charles L. Shafer, M.D. (1951-2) and [Wesley D. Richards, M.D.](#) (1958-9).
