

## Vermont Board of Medical Practice

The [Vermont Board of Medical Practice](#) is responsible for the licensure of allopathic physicians, physician assistants and podiatrists, and the certification of anesthesiologist assistants. The board also investigates complaints and charges of unprofessional conduct against any licensee within its jurisdiction. It is composed of 17 members: nine physicians, one physician assistant, one podiatrist and six public members.

Vermont Board of Medical Practice members who served as FSMB past presidents or chairs include [Susan M. Spaulding](#) (1997-8).
